

DESIGN PACKAGE

*TRANSFORM
YOUR HOME.*

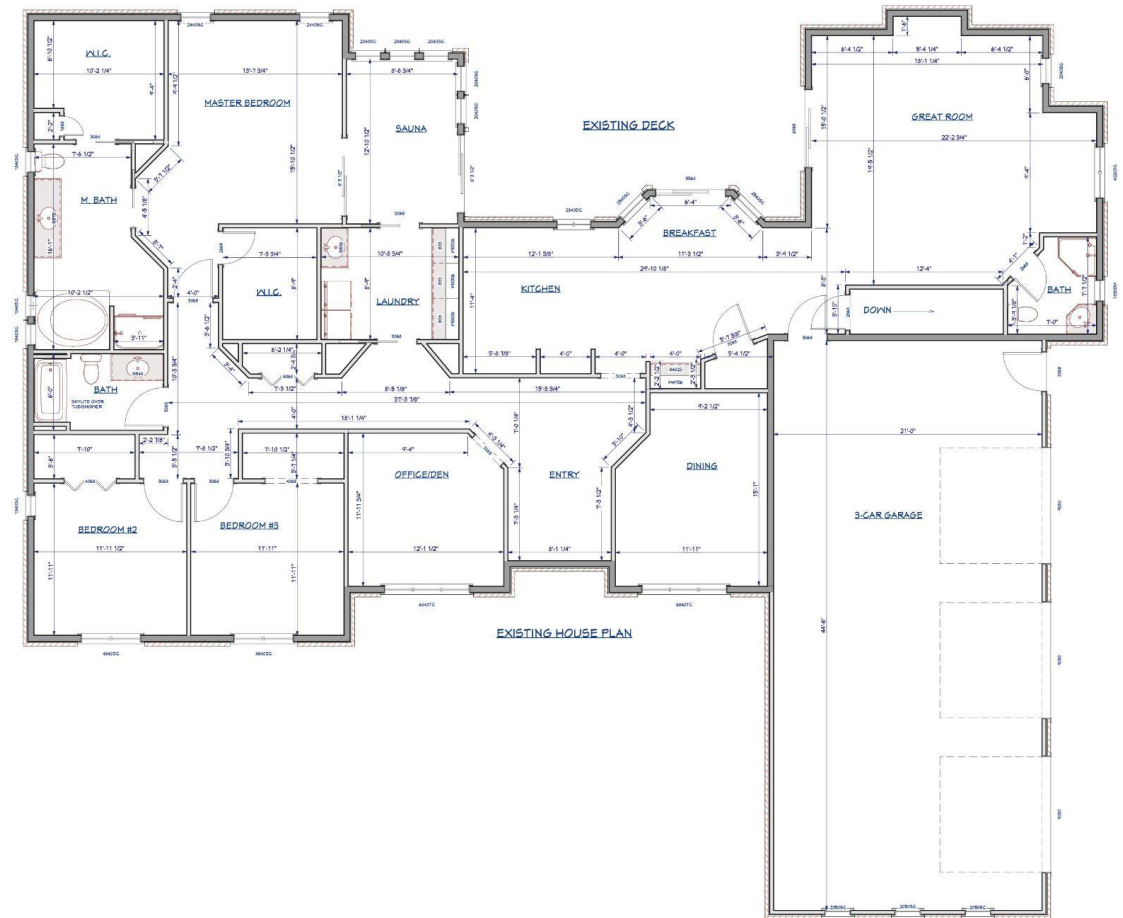

MAKE IT A LANDMARK.

SAMPLE DESIGN PACKAGE

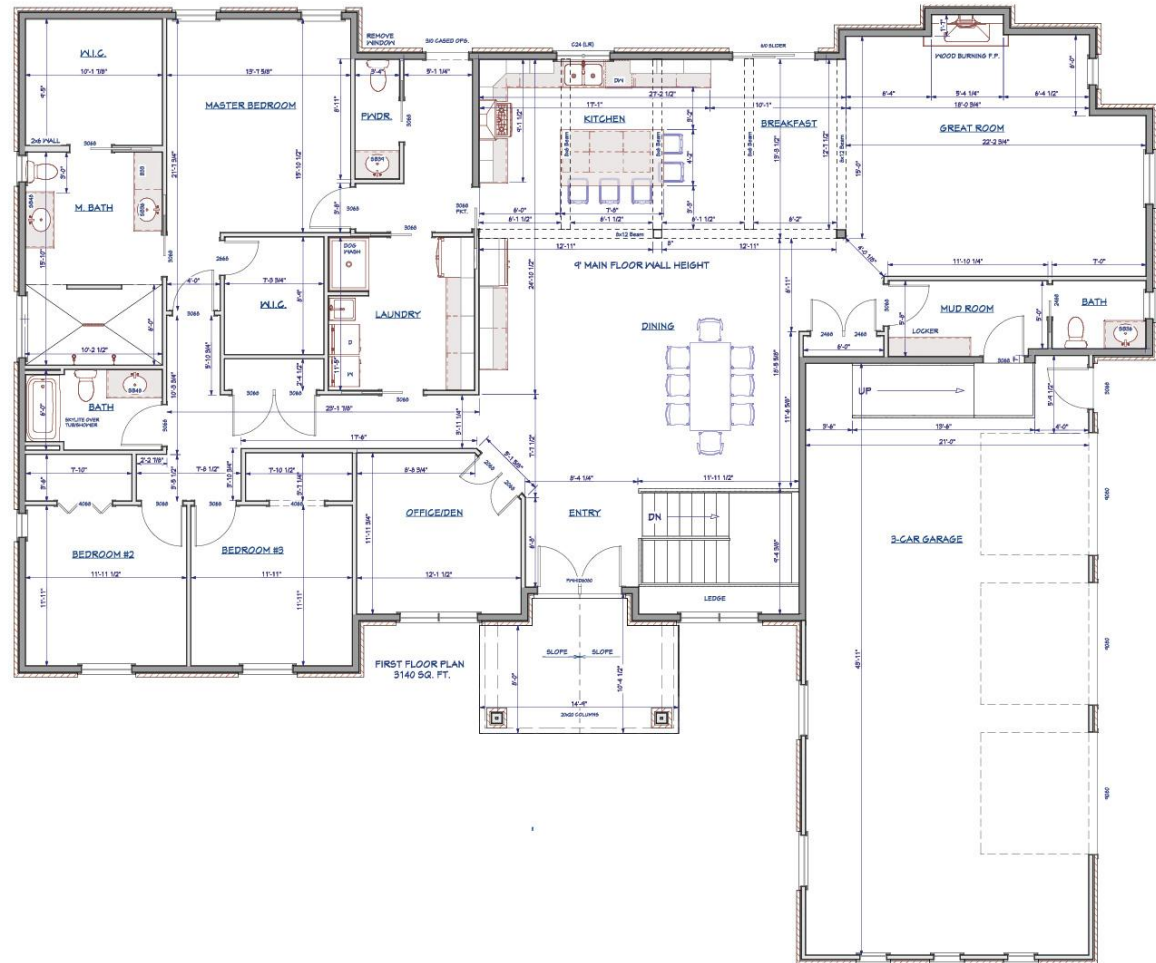

Existing Floor Plan

The Design Package begins with Landmark scheduling a time with you to come out to your home to measure and take pictures of your existing area where renovations will take place. A floor plan of your existing area will be developed on CAD.

Proposed 2D Design

A 2D design plan of your proposed remodeled area will be developed on CAD.

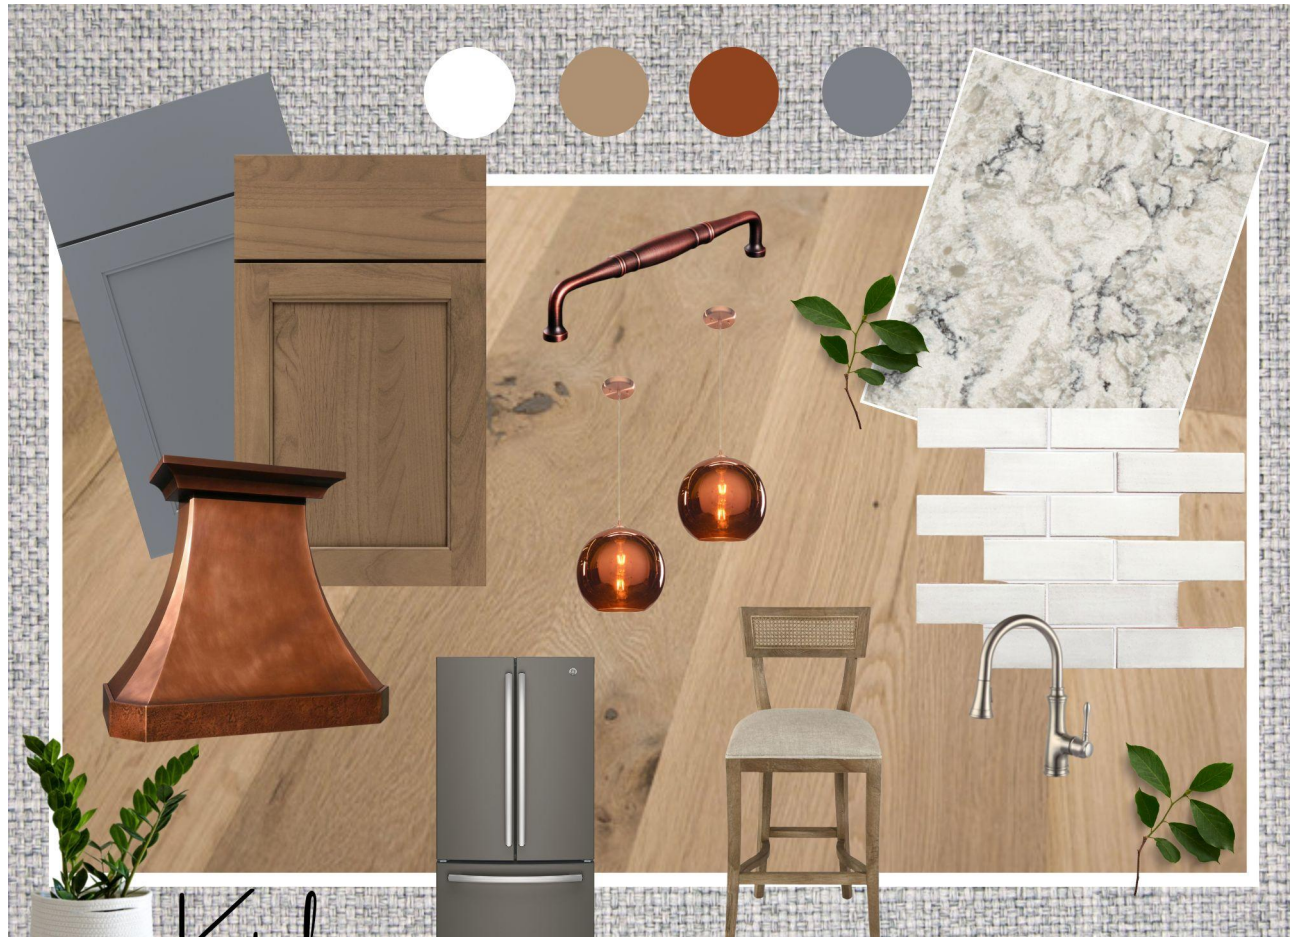

Proposed 3D Rendering

A 3D rendering of your proposed remodeled area will be developed on CAD.

Interior Design Selection Board

An interior design selection board will be prepared based on your style preferences. This completes the Paid Design Package.

What's Next?

Once we've agreed to move forward, our team will work on providing you accurate costs, timelines, and expectations based on the design and selections that you've approved. From there, we will move into Phase II - the Construction Phase.
